Vets Association Solicits Patrons

Local Organizations Object To Stories Told

The Regular Veterans Association, with Major Frank J. Corry, National Deputy Chief of Staff, are soliciting patrons at \$10.00 per patron in Lancaster and Depew. Executive Officer Edward J. It is not connected with the American Legion or the Veterans of Foreign Wars. It is a bona fide organization.

There is considerable indignation in the Twin Villages in the way the money is being solicited. Patrons are told that donations will help the local Legion Post and the Veteran Post at Depew. That part of the story is stretching the truth. The cause is a good one, the methods of collecting are causing much criticism.

Grade Crossing Plans Completed

Will Not Advertise For Bids at Present

Further information as to the possibility of an early start on the \$950,000 grade crossing elimination on Central Ave. is contained in the following letter which Assemblyman Julius Volker received from Albany.

September 28, 1945
Hon. Julius Volker
932 White Building
Buffalo, N. Y.

Dear Mr. Volker:

After your visit the other day I requested a report on the Lancaster grade crossing elimination project and am pleased to report that the plans and specifications and other documents for this work are completed.

The estimated cost is approximately \$950,000, exclusive of rights of way. It is anticipated that this project will be constructed during the early part of our program.

We have advertised for some grade crossing elimination work this Fall. However, the prices on this type of construction have been coming in considerably above the engineer's estimate. As a result, we expect to discontinue advertising for bids for work of this nature until that market becomes more stable.

Sincerely yours,
B. D. Tallamy,
Deputy Supt.

Grade Crossing Plans Completed

Will Not Advertise For Bids at Present

Further information as to the possibility of an early start on the \$950,000 grade crossing elimination on Central Ave. is contained in the following letter which Assemblyman Julius Volker received from Albany.

September 28, 1945

Hon. Julius Volker
932 White Building
Buffalo, N. Y.

Dear Mr. Volker:

After your visit the other day I requested a report on the Lancaster grade crossing elimination project and am pleased to report that the plans and specifications and other documents for this work are completed.

The estimated cost is approximately \$950,000, exclusive of rights of way. It is anticipated that this project will be constructed during the early part of our program.

We have advertised for some grade crossing elimination work this Fall. However, the prices on this type of construction have been coming in considerably above the engineer's estimate. As a result, we expect to discontinue advertising for bids for work of this nature until that market becomes more stable.

Sincerely yours,
B. D. Tallamy,
Deputy Supt.
